
ALL NATIONS ON BASEBALL TEAMS

Aggregation to Play the Jack-
sons of Superior Two
Games.

The All-Nation baseball team, one of the Hopkins Bros. enterprises, composed of players representing different nationalities, will play in Superior next Saturday and Sunday. Manager Charles Wedge of the Jacksons has closed a contract for two games with

the Japanese-Mexican-Cuban-Turkish-African-Greek-Indian-American contingent, and will have the fastest bunch obtainable.

The team travels under the name All Nation Baseball Club and has, among others on its staff, one Carrie Nation. The female plays the initial sack and according to press clippings is one of the fastest all around players on the unique team.

The nine is making a tour of the country and since leaving Des Moines has played twenty-six games and won twenty-four of these. They line up: Perry, shortstop; Wabum, right field; Crow, third base; Reeves, catcher; Blatnier, second base; Cabinas, center field; Donaldson, pitcher; Nozackum, left field; Carrie, first base.

ALL-NATION TEAM PLAYS REAL BALL

BY BUGS.

Down at Hislop Inclosure Saturday and Sunday the fan who relishes spice and variety with his afternoon pastime will be treated to a conflict that will be served with all of the trimmings and thrills usually attendant upon a game with a dark horse nine. The All-Nation team will arrive in the city Friday evening for the two-game series with the Jackson team.

The impending warfare is out of the line hewn by amusement promoters heretofore and unusual interest has attached to the coming ex-

hibition, not only because of the heralded ability of the Mixtures, but on account of the collection of creeds and colors. "Motley" is the only word which describes this tribe of varied talent. Here's what will face the Jacksons in the week end display: A Chinaman whose physique tallies closely with the size of a Spalding bat; an Indian who acquired his "stick talent" by swinging a tomahawk in the Custer massacre; a Turk who doesn't smoke cigarettes, a Mexican revolutionist, a Cuban insurgent, a smoke hurler who averages 15 "S. O.'s" per game, a straw hat cleaner from Greece; a Japanese, an American and Carrie Nation. The last named personage is a woman. swings a bat with more energy and vigor than her namesake ever wielded the hatchet and furthermore she burns up the first base region within a 15-foot radius.

BALL TEAM IS COSMOPOLITAN

TRAVELING ORGANIZATION IN-
CLUDES MEMBERS OF MANY
NATIONALITIES.

FAST JACKSON TEAM HOOKS UP
TODAY AND TOMORROW WITH
"ALL NATIONS" OUTFIT.

Weather permitting the Jacksons open a two game series with the "All Nations" team at Hislop Park this afternoon. The two aggregations are scheduled to meet again tomorrow and

with the league team out of the city and fair weather the unique contest is expected to bring out hundreds of fans who are looking for Sunday recreation.

The Jacksons last evening held final practice before the scheduled contest today and Manager Wedge announces that he will have a strong aggregation on the field.

Included on the roster of the traveling club's organization are a negro, a Mexican, an Indian, Cuban, Turk and a woman. The latter is "Carrie-Nation," of Bloomer Girl fame. The latter organization played here last season and the Nation woman proved a great favorite on account of her baseball playing ability. She plays first base.

The teams will line-up:

Jacksons — Van Orman, catcher; Schweitzer, Hendrickson, pitchers; Amundson, shortstop; Buchanan, first base; Doble, second base; Ennis, third base; Hope, Schuster, right field; Christensen, Nacey, center field; Newberg, left field.

All-Nations—Reeves, catcher; Donaldson, Mendez, pitchers; Sage, shortstop; Carrie, first base; Blatner, second base; Crow, third base; Meanus, right field, Dunbar, center field; Wabum, left field.

INTERNATIONAL BASEBALL WAR

Contest at Hislop Park This Afternoon Takes On That Aspect.

JACKSONS OF SUPERIOR
OPPOSED BY ALL NATIONS

First Base Is Occupied for Visitors by Best Female Player

in the World.

The first exhibition of the "international warfare" scheduled between the Jacksons of this city and the All-Nations at Hislop park will be staged this afternoon. The invading team will arrive in the city this morning.

The All-Nation team is traveling from state to state, leaving a stone-cold record behind. Twenty-five out of 28 games played is the string of victories credited to this motley squad, and these have been won without protestation or wrangling, on merit. Manager Wedge is not unprepared for the conflict, and last night his men performed in the last workout preliminary to the two-game series. The game will be called sharp at 3 o'clock by Umpire Jack Landry.

Among the players on the All-Nation staff are Donaldson, a negro, and Mendez, a Mexican. These men constitute the pitching staff, and together have formed one of the strongest duets in baseball circles. Of Donaldson a press clipping says in part: "Any 'smoke' twirler who can fan 18 of the Triumphs ought to whitewash himself and get in the big league." The colored player fanned 11 in a game with the Storz Triumphs and then lost his game. Mendez is also a capable pitcher and has a volley of benders at command. The woman, Carrie Nation, is acknowledged to be the best female ball player in the world. She holds town first base.

The two teams will line up:

Jacksons—Van Orman, catcher; Schweltzer, Hendrickson, pitchers; Donaldson, shortstop; Buchanan, first base; Doble, second base; Ennis, third base; Hope, Schuster, right field; Christensen, Nacey, center field; Newberg, left field.

All-Nations—Reeves, catcher; Donaldson, Mendez, pitchers; Sage, shortstop; Carrie, first base; Blatner, second base; Crow, third base; Meanus, right field; Dunbar, center field; Wabam, left field.

WEeping SKIES BAR BALL GAME

All-Nations and Jacksons Fail to
Come Together—Will
Meet Today.

With every indication of a rain storm in sight, added to the miserable condition of Hislop park grounds, fans yesterday decided to postpone their attendance at the Jackson-All Nation game until today, and as a consequence the conflict was not. True, there were some fans on hand, but these were perched on top of the boxcars which were on a siding outside of the fence. Managers Gaul and Wedge of the two teams were in anything but a philanthropic mood and, therefore, the "loyal fans" were compelled to walk back to town without a glimpse of the inimitable Carrie in action.

The grounds were wet, so wet, in fact, that a man was put to work with dipper and pail to reduce the contents of the small lakes. After

lessening the dimensions by several gobs, he looked at his barometer and decided it would rain again soon, and quit.

Both teams were on the field in uniform, but there were too many obstacles to confront to stage even a mediocre exhibition, and after a conference the contest was cancelled.

If the fans turn out today it is possible that the management of the Jackson team will be able to meet expenses for the two days' engagement. Considerable expense has been involved in bringing the All-Nations here, and some encouragement is needed to boost the efforts of Manager Wedge in filling the gap made by the Red Sox tour with interesting entertainment and a good class of ball.

Siphons, sponges and men without barometers will be on hand today to get the diamond in sufficiently good shape to permit a game to be played, if need be.

FAST CONTEST TO ALL-NATIONS

Inability of Jacksons to Hit the
"Smoke" Twirler, Principal
Figure in Defeat.

HOME RUN UNDER FENCE GIVES VISITORS ONE SCORE

Nacey Makes Lone Tally for Locals Through Stealing Second and Third Bases.

Donaldson, the "smoke" twirler of the All-National team, had the Jacksons at his mercy yesterday, striking out 21, but at that the locals would have stood a chance to get away with the best end of the score except for a lucky home-run swat by Perry, which went under the left field fence and the peg made by Hendricksen toward the untenanted third sack to beat Wabun, the latter scoring. Of the seven hits made by the vistoris, one of them off Schweltzer, who went in for the eighth inning, only four were clean bingles,

luck figuring in the other three.

The first five Jacksons up whiffed and not a hit was registered by the locals until the third inning when Schuster laid a little one down along the third base line which Reeves pursued with the expectation that it would roll outside. The next was made by Nacey in the fourth when he sent one toward Donaldson of the same slow kind. Van Orman's swat to right field in the fifth was the first real hit, duplicated by A. Buchanan and Hope in the seventh for the only other safe ones.

Nervy Base-Running.

The Jacksons' single score was made by Nacey largely on nervy base-running, he stealing second and third and being beat out of the honor of stealing home by a swat from Dobie's bat to short which resulted in both being safe. Poor track performances by some of the other Jacksons blighted what looked good for at least one score on three occasions. In the third with nobody

down Schuster allowed himself to be tagged easily in an attempted steal of third, lacking the energy to make a fight for it; in the fifth Hope's lagging steps on an attempt to steal second cost him his life, and in the same inning Schuster was caught at third by a throw from right field.

The score made by the All-Nations in the seventh was due to a double, a nice single and a scratch hit, Dunbar coming through with the two-sacker after Reeves had singled. Donaldson sent a hot one through Hendricksen which brought in Reeves.

The game was witnessed and thoroughly enjoyed by a large crowd. The umpiring of Jack Landry was such as to make many wish he were holding the indicator in the See-Eye league. From the viewpoint of the crowd he was not only fair but accurate in his judgment, the few which he miscalled being plays on bases which he did not and could

not be expected to see because of plays of other parts of the diamond for which he was naturally watching.

Pitcher Whole Show.

Donaldson did about all the work for the visitors, but his teammates were busy enough to show that they are much above the average of such aggregations. Carrie Nation, the girl at first, enlivened the proceedings considerably. The playing of the locals was mostly good, but far from sensational. With the exception of the first and seventh innings, Dricksen pitched great ball for the locals, the six hits made off him coming three in each of those rounds, which were the only ones in which more than three men faced him. After passing his first man up in the eighth Schweitzer settled down and got the next three and but four came up in the ninth inning.

The score:

| Jacksons— | | AB | R | H | PO | A | E | | | |
|-------------------|---|----|---|----|----|----|---|---|---|----|

PITCHER FANS 21 JACKSONS

COLORED HURLER HOGS PUT
OUTS AND NATIONS WIN 3 TO
1 FROM LOCALS.

PHENOMENAL TWIRLING IS ALL THAT SAVED VISITORS FROM BEATING BY LOCALS.

Phenomenal hurling by Donaldson, a colored pitcher, was all that allowed the All-Nation team to get away with a 3 to 1 victory over the Jacksons at Hislop Park yesterday afternoon. The dinge struck out 21 batsmen.

Also, a hard hit ball rolled under the left field palings which allowed Perry, a visiting batsman, a lucky homer, materially assisted the visitors in grabbing the honors.

Hendrickson and Schweltzer did the heaving for the locals. Schweltzer relieved Hendrickson in the eighth inning. Both hurlers showed up well. Six-bingles were made off Hendrickson and one off the German. Only four of the seven safeties were unsavory. Donaldson held the Jacks to a quintet of safe blows.

The locals scored their only run in

the fourth. Nacey registered the tally following a display of pretty base running when he pilfered second and third. He came home when Doble rolled one into the infield and all hands were safe on a fielder's choice. Otherwise the base running of the Jacks was poor and checked them from possible scores.

A fairly large crowd was in attendance at the game. Jack Landry did the arbitrating and his work was good, the decisions all being satisfactory. Carrie Nation played first for the All Nation club and her work as usual, was spectacular.

Tabulated score:

| | Jacksons. | | | | | |
|-----------------|-----------|----|----|-----|----|----|
